

Reminders

- Report Card Pick Up (RCPU) for Semester 1 is Friday, January 27th from 2:00p.m.-4:00p.m. and 5:00p.m.-7:00p.m.
- 2018s: Meningitis vaccines (2nd dose) were due January 11th. Most juniors are non-compliant and can be barred from school and/or school related activities. To help your scholar become compliant, permissions slips were sent home last week with the newsletter for a free vaccination through the Walgreen's Clinic hosted at Muchin on February 7th. Signed permissions slips were due January 17th.
- Black History Month is quickly approaching and Muchin is excited to celebrate! If you are interested in performing or contributing to the Black History Month Assembly on February 16th, please contact Ms. Ramos (tramos@muchincollegeprep.org) or Ms. Santana (ksantana@muchincollegeprep.org).
- Asbestos was used extensively in building materials in the 20th century because of its insulating and strengthening capabilities. Virtually all buildings constructed before the late 1970s contained some asbestos. Asbestos is not generally considered harmful unless it is disturbed. Therefore, we inspect our schools every six months to ensure that any existing asbestos is intact. As of the last inspection, we can confirm that Muchin is in good condition and that no hazardous conditions exist related to asbestos. The information regarding the inspections is an Asbestos Management Plan that is kept at the school and available to you for review. As part of the federal law that governs asbestos management for schools, we are required to give you an "Asbestos Management Plan Notification" once per year. The notice for this year is attached.

Scholarly Updates

- Scholars who received a Climber's Club form on January 12th will be in Climber's Club for the rest of January and all of February to ensure students are able start the new semester off academically strong.
